Memorandum

To Board of Works Date Dec. 7, 1977

From D. L. Foland

Subject Council approval for handy-talkies

COPIES TO:

Purchasing Dept.

Attached is the original and all copies of Purchase Order #9483 for 2 Motorola handy-talkies for use in the Water Engineering Dept. These units are required for communications with Fire Department Command at multi-alarm fires, other emergencies, and for performance of other routine duties by department personnel.

This equipment was budgeted in our 1977 capital budget. It is also a result of a communication problem experienced at the Allen County Tire fire, discussions with fire command personnel resulting in modification of procedures at multi-alarm fires, and discussions with William Trulock, Chief of the Radio Shop, regarding type equipment best for our needs.

Date_____

It is requested that prior approval be solicited from the City Council to obtain this equipment. The prices appearing on this P.O. are those quoted for the year 1977, and terminate if they do not receive the order by Dec. 23. There is not enough time left between now and that date to follow routine council approval prior to Dec. 23, and the cost of the equipment will increase the sum of $250.00 per unit or $500.00 for this order, after that date.

It is hoped the prior approval requested can be prepared for submission to the Council next Tuesday, Dec. 13, and I will be happy to be present at the Council meeting to answer any questions regarding this purchase order and reason for the requesting prior approval.
